The Sand Spur 1956

Servant and master am I;
servant of those dead
and master of those living.
Through me, spirits speak the messages
that make them nearby.
I make the world weep and laugh,
wonder and worship.

I tell the story of love,
the story of hate,
the story that saves,
and the story that destroys.

I am the incense upon which
prayers float to heaven.
I am the smoke which palls
over the field of battle
where men die with me on their lips.

I am close to the marriage altar
and when the grave opens
I stand nearby.
I call the wanderer home,
I rescue the soul from the depths;
I open the lips of lovers
and through me
the dead whisper to the living.

The king I make my slave
as easily as I subject his slave.
I speak through the birds of the air,
the insects of the field,
the crash of waters
on the rock ribbed shores,
the sighing of the winds
in the trees.

And I am even heard
by the soul that knows me
in the clatter of the wheels
on city streets.

One I serve as I serve all.

I AM MUSIC.

With a song in our hearts
We, the Seniors of 1956
Present this edition
of the SAND SPUR
With "Our Best to You."

Dedication

One of the greatest privileges ever granted the Senior Class of 1956 we now behold: to Mrs. Maude Brown McBride the dedication of the SAND SPUR. To us she is more than the Commercial teacher who stands before the class at the key-board chart or dictating shorthand. Sharing our troubles, re-joicing in our happiness, encouraging our learning, inspiring our hopes for the future; truly, she is our friend. Words could never express her worth or the feeling we have for her. We only know that her influence will be a motive for our success; her memory an integral part of our bygone days. To her we would like to leave the best things in the world; but most of all we leave our love to our own "Miss Brown."

Calm down boy, will you?

And always willing to do her share.

History

Ten long years have gone by since the class of 1956 graduated. We have all gone our separate ways, each doing the task that comes before him each day. We look back on our school days as the happiest ones of our life. Although there were many difficult problems, we always somehow seemed to get by them.

Amid all the problems connected with school, one is outstanding in my mind. I remember one particular girl who held on to the same boy for four years. They are married now, with six of the cutest little boys you have ever seen.

We did our share of skipping while in high school. Some got caught and were punished, while others were never caught.

A girl's freshman year is her worst year in high school. Everyone calls you a flirt. Two girls are outstanding in my mind who were called that. They almost went crazy over the senior boys. One finally got her man, but the other one is still looking.

The Senior Class of 1956 had a hard time having a class party. Every time they planned one, something always happened to delay it. We finally had one in the summer of 1955 at Etta Howard's.

Indeed it is a problem to select the right people for the right job. In the years 1955-1956 the Seniors had a big commotion over picking class officers. The boys were trying to over rule the girls in voting. We finally ended up with four boys as our officers.

During the year 1955-1956 the geometry class had a big pet in their room. This pet was a boy. You could go in the room anytime and you would find him sitting at the teacher's desk. He was never working. How he got by, I will never know.

This is the history of the class of 1956. Since one has never been written like it before, it may seem unusual to some people. It is unusual because there has never been a class like us before, and probably will never be.

FRANCES GODFREY
Historian

Seniors

We're Seniors now, as down that aisle,
We march, so tall and straight;
We know that, in a little while,
We'll go out, to meet our fate.

To meet the fate life has in store,
For each and everyone.
But we're still young, and there's much more
Learning yet to be done.

There're many things that we don't know,
Though we think we know it all
But little trees must grow and grow,
For years, before they're tall.

Twelve of those years are behind us now,
As at this milestone we stand;
And the rest of the way, we must know how,
Without a guiding hand.

It's hard, we know, to say goodbye,
To those we've known all these years,
So friends, and teachers, if we cry;
Excuse our foolish tears.

So now, we bid our fond farewell;
To you, who are so dear,
And it's because we love you so well,
That our eyes are filled with tears.

Hugh,
I didn't know until this year how much fun you were, but we have had our share of fun this year.
Remember, the Picnic we had after Easter, and the day we went to all those different shows (5.) What fun we had those days. Say, don't forget those nights we went skating and the night we slipped in the "Ice" "Drive" "Inn" Thelma, yelling to the top of her voice to let her out of the trunk. Mabel and Becky S. and that drink and on the floor howl laughing.
Hugh, I wish you everything "good" and happy in life. Don't forget the little ("Red") ("Ribbon") and ("Big C Hair").

A Friend,
Rebecca Campbell

Hugh,
Remember the good times we have had this year, especially going skating and to the show.
May the best of everything, be yours and I know it will be.

Thelma
